About the Presenter

Carrie Rountrey, PhD, CCC-SLP, is an Assistant Professor in Communication Sciences and Disorders at University of Cincinnati and director of the new Cincinnati Intelligibility in Neurogenic Impairments, CINCI, lab in the Health Sciences Building. She completed her PhD at James Madison University in 2015 after 15 years of clinical work in direct care, supervision, management and specialty work in voice and swallowing. Most recently, she completed a Visiting Assistant Professorship at University of Wisconsin-Madison, where she was focused on teaching graduate students going on to become speech-language pathologists. She joined U.C. CSD in August 2019. Carrie's research is focused on acoustic and physiologic correlates to intelligibility in neurogenic impairments, beginning with Parkinson's Disease.
