About the Presenter

Lesley Raisor-Becker, PhD, is a researcher, teacher, and practicing clinician specializing in the language and literacy development of infants, toddlers, and preschoolers. Her research interests include: the effects of prenatal drug/alcohol exposure on development, social skill and executive function in children, and pedagogy/supervision. She is also interested in the use of integrative health practices in allied health disciplines. She has taught numerous online and face-to-face courses and has presented at the national, state, and local levels.
