

## 6th Annual Advanced Practice Provider Pediatric Neurosurgery Conference

May 2 – 3, 2019

### Description

Cincinnati Children's Hospital Medical Center takes pride in its Neurology and Neurosurgery program for its quality and innovative patient care as well as its excellent patient outcomes. In fact, the program has been ranked by U.S. News & World Report to be the number 2 program in the country. The Division would like to share its best practices by continuing to sponsor the Annual Advanced Practice Provider Pediatric Neurosurgery Conference, now in its fifth year. The faculty and advanced practice providers will share cutting edge practices within Pediatric Neurosurgery. The planning committee is excited to host Dr. Mark Greenberg, internationally known author of *Handbook of Neurosurgery*, as our keynote speaker and Dr. Gary Tye, our alumni keynote speaker, completed his fellowship with us in 2005.

### Learning Objectives

- Discuss surgical interventions and diagnostic modalities for a wide range of neurological disorders.
- Discuss current research and its role in generating innovations and in improving outcomes for the patient with a neurosurgical disorder.
- Describe the role of the Advanced Practice Provider in the perioperative management of patients with neurosurgical disorders.
- Evaluate patient management through simulation and case studies.
- Demonstrate beginning understanding of suture technique.

### Event Details

When: May 2 & 3, 2019

Where: Cincinnati Children's Hospital Sabin Auditorium

For more details please visit our website:

<https://cchmc.cloud-cme.com/default.aspx?P=5&EID=23433>

### Target Audience

This conference is intended for Advanced Practice Registered Nurses and Physician Assistants caring for patients with neurosurgical disorders. Physicians and nurses who are part of the healthcare team involved in the management of these patients may also benefit from the program.
