5th ANNUAL Advanced Practice Provider Pediatric Neurosurgery Conference

April 19 & 20, 2018

Description

Cincinnati Children's Hospital Medical Center takes pride in its Neurology and Neurosurgery program for its quality and innovative patient care as well as its excellent patient outcomes. In fact, the program has been ranked by *U.S. News & World Report* to be the number three program in the country. The division would like to share its best practices by continuing to sponsor the Annual Advanced Practice Provider Pediatric Neurosurgery Conference, now in its fifth year. The faculty and advanced practice providers will share cutting edge practices within Pediatric Neurosurgery. The planning committee is excited to host Dr. Philipp Aldana; our keynote speaker, Dr. Rachana Tyagi; our alumna keynote speaker, and Dr. Jonathan Roth; our international keynote speaker.

Learning Objectives

- Discuss surgical interventions and diagnostic modalities for a wide range of neurological disorders.
- Discuss current research and its role in generating innovations and in improving outcomes for the patient with a neurosurgical disorder.
- Describe the role of the Advanced Practice Provider in the perioperative management through simulation and case studies.
- Demonstrate beginning practice of suture technique.
