# 4<sup>th</sup> ANNUAL Advanced Practice Provider Pediatric Neurosurgery Conference

**May 4 & 5, 2017**

## Description

Cincinnati Children's Hospital Medical Center takes pride in its Neurology and Neurosurgery program for its quality and innovative patient care as well as its excellent patient outcomes. In fact, the program has been ranked by *U.S. News & World Report* to be the number four program in the country. The department would like to share its best practices by continuing to sponsor the Annual Advanced Practice Provider Pediatric Neurosurgery Conference, now in its fourth year. The faculty and advanced practice providers will share cutting edge practices within pediatric neurosurgery. The planning committee is excited to host Dr. Gerald Grant and Dr. Libby Kosnick-Infinger as the keynote speakers for the conference.

## Learning Objectives

- Discuss surgical interventions and diagnostic modalities for a wide range of neurological disorders.
- Discuss current research and its role in generating innovations and in improving outcomes for the patient with a neurosurgical disorder.
- Describe the role of the Advanced Practice Provider in the perioperative management of patients with neurosurgical disorders.
- Evaluate patient management through simulation and case studies.
- Demonstrate beginning understanding of suture technique.

## Event Details

**When:** May 4 & 5, 2017

**Where:** Cincinnati Children's Hospital S Building Conference Room

For more details please visit our website:  
[www.cincinnatichildrens.org/app-nsu-2017](http://www.cincinnatichildrens.org/app-nsu-2017)

## Target Audience

This conference is intended for Advanced Practice Registered Nurses and Physician Assistants caring for patients with neurosurgical disorders. Physicians and nurses who are part of the healthcare team involved in the management of these patients would benefit from the program.
