What is ELNEC?

• The End-of-Life Nursing Education Consortium (ELNEC) project is a national education initiative to improve palliative care. The pediatric content addresses the palliative care needs of patients from birth to young adulthood.

Who should attend?

- APRNs and staff nurses providing pediatric care in acute care settings (i.e. oncology, medical/surgical, palliative care settings, NICU, PICU, ED, clinics, etc)
- Undergraduate and graduate nursing students and faculty
- Hospice and Homecare Nurses
- Social Workers
- Child Life Specialists
- Chaplains

What competencies are taught?

- Pain Assessment
- Symptom Management
- Ethical/Legal
- Cultural Considerations
- Care at the time of death
- Communication/Collaboration
- Bereavement

What are the goals of the ELNEC Conference?

1. Recognize dynamic changes in population demographics, health care economics, and service delivery that necessitate improved professional preparation for end-of-life care.
2. Promote the provision of comfort care to the dying as an active, desirable, and important skill, and an integral component of nursing care.
3. Communicate effectively and compassionately with the patient, family, and health care team members about end-of-life issues.
4. Recognize one's own attitudes, feelings, values, and expectations about death and the individual, cultural, and spiritual diversity existing in these beliefs and customs.
5. Demonstrate respect for the patient's views and wishes during end-of-life care.
6. Collaborate with interdisciplinary team members while implementing the nursing role in end-of-life care.
