danielle.bolton@cchmc.org

(513) 803-0957

Directions: <http://www.cincinnatichildrens.org/patients/visit/directions/burnet/default/>

OBJECTIVES:

- Recognize the prevalence of perinatal HIV, Hepatitis C, and Hepatitis B, the consequences, and opportunities for prevention
- Discuss the unique clinical considerations in providing care for the pregnant woman with HIV, Hep C, and Hep B
- Identify current standard of care practices and resources for neonatal HIV, Hep C and Hep B
- Describe community supportive services provided to families affected by HIV

CONTINUING EDUCATION INFORMATION:

Physician: Cincinnati Children's Hospital Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Cincinnati Children's designates this live activity for a maximum of **2.5 AMA PRA Category 1 Credit(s)**[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: **2.75** contact hours will be awarded to nurses who attend the entire program and complete an evaluation tool.

Cincinnati Children's Hospital Medical Center (OH-046, 10/30/2015) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

DISCLOSURES: The presenter and planners have no conflict of interest related to this program. Cincinnati Children's approved provider status does not imply endorsement of any commercial products displayed in conjunction with this activity.

Every effort is made to comply with the Americans with Disabilities Act. If specific auxiliary aids are needed notify Danielle Bolton at 513-803-0957 forty-eight hours prior to presentation.

Featured Speakers

Judith Feinberg, MD

Judith Feinberg, MD, is associate chair of Medicine for Faculty Development and professor of Clinical Medicine in the Division of Infectious Disease, Department of Internal Medicine, UC College of Medicine. She is also the co-founder and medical director of the Cincinnati Exchange Project, a syringe exchange program. Her research and clinical interests include HIV/AIDS with focus on antiretroviral therapy, HIV resistance, and HIV in women, IV drug use harm reduction, and the HIV, hepatitis C, and heroin epidemics in the Midwest. Dr. Feinberg earned her medical degree at Rush Medical College, completed her residency at Rush Presbyterian-St. Luke's Medical Center and her fellowship in Infectious Diseases at the University of California at Los Angeles.

Corinne Lehmann, MD, MEd

Along with being the director of Medical Student Education in the Department of Pediatrics for the University of Cincinnati College of Medicine (UCCOM), **Corinne (Corki) Lehmann, MD, MEd**, is the director of the Family Care Center for Pediatric and Adolescent HIV at Cincinnati Children's. Dr. Lehman completed her medical degree, master's in education, and residency at the University of Cincinnati and completed her fellowship at Cincinnati Children's. Dr. Lehmann's clinical duties include precepting at the Teen Health Center, patient care and precepting at the UC Infectious Disease Center for adult HIV care, and directing and providing care at the Family Care Center. She gives numerous lectures to students, residents, colleagues and other health care professionals in the local, regional and national arenas regarding perinatal HIV transmission and the clinical/transitional care of HIV-infected children and adolescents. Her interests in clinical research center on the study of pediatric and adolescent HIV, and she has been involved in vaccine research with the Division of Infectious Diseases at Cincinnati Children's. Her research endeavors in medical education focus on the use of standardized patients, simulation and feedback as instructional tools.
