

22nd Annual Regional Perinatal Summit: Instrumentation Delivery & Neonatal Head Injury

Friday, October 13, 2023

Cincinnati Children's Sabin Auditorium & Internet Live Stream

12:15 pm - 4:30 pm EST | Lunch provided for in-person

FREE Registration [HERE](#)

Moderators

Amy T. Nathan, MD
Perinatal Institute, CCHMC

Scott L. Wexelblatt, MD
Perinatal Institute, CCHMC

Featured Speakers

Katsuaki Kojima, MD, PhD, MPH
Perinatal Institute, CCHMC

Robert M. Rossi, MD
Maternal Fetal Medicine, UCMC

Rocco Rossi, MD, MA, FACOG
Obstetrics & Gynecology, UCMC

Jesse Skoch, MD, FAANS
Neurological Surgery, CCHMC

Purpose

The purpose of the Annual Regional Perinatal Summit is to bring together clinical and public health leaders committed to enhancing perinatal care and pregnancy outcomes within the region. Through collaborative discussions, review of current perinatal issues and data analysis, we aim to identify actionable ideas that can drive improvements in maternal and neonatal health.

Description

This year's sessions will cover Instrumentation Delivery and Neonatal Head Injury. The speakers will review evidence-based comparisons of operative vaginal delivery and cesarean delivery, therapeutic hypothermia for neonatal encephalopathy, and effective subgaleal and neonatal fracture management. Summit speakers will equip participants with valuable insights and practice applications that can impact the delivery and care of the mother-infant dyad.

Target Audience

Summit is tailored for a diverse range of dedicated professionals, including physicians, nurse practitioners, nurses, social workers, and other perinatal health professionals providing services to pregnant women and their families.

Perinatal Outreach Program

22nd Annual Regional Perinatal Summit: Instrumentation Delivery & Neonatal Head Injury

Objectives

1. Discuss regional birth rate performance statistics.
2. Describe neonatal subgaleal injury and fracture management.
3. List two criteria for therapeutic hypothermia for newborns with hypoxic ischemic encephalopathy (HIE).
4. Discuss the uses of operative and cesarean delivery, their indications, risks and a comparison of the two approaches.
5. Outline the history of these two approaches and new developments in obstetric instrumentation.
6. Explain the importance of interprofessional teamwork in instrumentation delivery and the prevention of neonatal head injury.

Registration

- The conference will be held live both **in-person** and **online**.
- Registration is **free** and **required** to attend.
- Once live numbers of registrants is exceeded, virtual will be default.
- A virtual **mediasite** link will be sent to registrants who register under the virtual option.

Accreditation

In support of improving patient care, Cincinnati Children's Hospital Medical Center is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician: This activity has been approved for *AMA PRA Category 1 Credit™*.

Nursing: This activity is approved for continuing nursing education (CNE) contact hours.

MOCpt2: Successful completion of this CME activity enables the participant to earn MOC points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to AC-CME for the purpose of granting ABP MOC credit.

IPCE CREDIT™ Credits: *AMA PRA Category 1 Credits™ (3.50 hours)*, CME - Non-Physician (Attendance) (3.50 hours), Nursing CE (3.50 hours), ABP MOC Part 2 (3.50 hours), IPCE (3.50 hours).
