

RECOMMENDED SUNSCREENS FOR CHILDREN WITH SENSITIVE SKIN:

Consider obtaining a physical or mineral blocker, which tend to be less irritating to sensitive or eczema-prone skin. An ointment or cream-based formula is preferred, as these tend to be more moisturizing.

Active ingredients: Zinc oxide, Titanium dioxide

Brands: Neutrogena Pure and Free Baby, Blue Lizard, CeraVe, Badger, True Natural, Vanicream, California Baby

RECOMMENDED BABY SUNSCREEN STICKS:

Sticks can be helpful for protection of the face, as they may be easier to apply. They are also helpful for protecting birthmarks and scars.

Active Ingredients: Zinc oxide, Titanium dioxide

Brands: Aveeno baby, Neutrogena pure & free baby, Badger, Solar Protection Formula Liptect, California Baby, True Natural, CeraVe
