HealthVine Care Management

Our care management team can help you with your child's healthcare.

We can:

- Connect you to a healthcare provider for your child
- Schedule and/or attend appointments, if needed
- Help with prescriptions
- Arrange transportation so you can get to healthcare appointments
- Remove other barriers that would prevent you from getting care for your child
- Connect you to community resources suited to your situation
- Work with your child's school to help support healthcare needs
- Complete your child's annual Health Risk Assessment
- Help you enroll in care management if your child has a complex condition or situation
